United Kingdom

Institute of the International Association
for Research and Testing in the Field of Textile Ecology

The company

Interloop Ltd.

P-157, Al-Sadiq Plaza

Railway Road

Faisalabad, PAKISTAN

is granted authorisation according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our **test report 36414**

Tested for harmful substances
according to Oeko-Tex® Standard 100

08-6798

Shirley

for the following articles:

Socks - bleached white, melange and dyed - made out of 100% or blends of the following yarns: cotton, polyester, polyamide, acrylic, Coolmax, wool, rubber, elastane and/or viscose. May include anti-bacterial finish accepted by the Oeko-Tex® Association. Partially based on pre-certified material according to Oeko-Tex® Standard 100.

The results of the inspection made according to Oeko-Tex® Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

This authorisation is valid until 19.05.2015

Manchester, 16.05.2014

Dr Tony Sagar
